32. Now here is another questionnaire which you can fill out very quickly. HAND RESPONDENT PENCIL AND BLUE SUPPLEMENT, THEN EXPLAIN:

Those are a number of word-pairs that can be used to describe people. For example, the first is Tall-Short. I'd like you to read each pair of words and think about them in relation to your child.

For example, if you consider (child) very, very tall for (his/her) age, you would check the box nearest Tall. If you consider (child) very, very short for (his/her) age, you would check the box nearest Short. And if you consider (child) somewhere in between, you would check one of the other boxes, depending on how tall or short you think (he/she) is.

Please check one box for each of the word-pairs.

TAKE BACK PENCIL AND BLUE SUPPLEMENT. MAKE SURE ALL ITEMS ARE CODED. ENTER CHILD'S NAME AND CASE NO.

33. All in all, how well do you feel (child) is doing, as far as growing up is concerned--is (he/she) all right, having a little trouble, some trouble, or a great deal of trouble?

All right	0	46/y
A little trouble	1	PYCBM061
Some trouble	2
